HINTS on ironing are important. If the iron is not automatic, disconnect it when it's hot; if it is, set the temperature control. Rub sole plate with paraffin or beeswax once a month; when soiled, run it over salt sprinkled on newspaper; wipe with damp cloth when cool. Never scratch or drop iron. Replace worn cord and never let hot iron touch it. Sheets and linens will iron easier if hung from line while still hard. It's not pressure but heat contacting wrinkles that does the job. If beyond repair, replace your iron NOW—before they're not available. See your dealer.

SOUTHERN STATES COOPERATIVE FARM BULLETIN

ABC Chick Program Leads to Greater Poultry Success

Helpful poultry manual and chick growing chart supplied free on request.

Helpful hints for raising profitable pullets and broilers have been preparing for the last two weeks into every farm community served by Southern States Cooperative. Each Cooperative Service Agent has armed himself with the information necessary to successful chick growing. This information has been mustered under the name of the A B C Chick Growing Program. Here is what the A B C stands for . . .

A for ADEQUATE CARE AND MANAGEMENT

There are ten vital steps to careful management of chicks which spell success. They are given on a helpful, handy Chick Growing Chart that you can tack on your brooder house wall. This chart also provides an easy-to-figure record of growth, costs, and profits.

B for BALANCED HIGH QUALITY FEED

Every Cooperative Service Agency has an ample supply of freshly mixed Southern States Starting and Growing Mash with its abundance of vitamins, its balanced minerals and proteins. Here is a feed that has already grown 100 million chicks.

C for CHICKS WITH GOOD BREEDING

Blood-tested chicks with the best heritage are necessary if the money and labor it takes to grow birds is to be wisely invested.

See your nearest Southern States Cooperative Service Agent and discuss your spring poultry problems with him. Ask him about Southern States Starting & Growing Mash in the bag with the green formula tag.

Final Red Cross Report Announced

FINAL REPORT ON RED CROSS WAR FUND DRIVE

I desire to report to the people of the county of Appomattox that we have raised $2,068.50 for the Red Cross War Fund.

We who consented to lead your campaign desire to express our deep and profound appreciation for your cooperation and generosity.

It has not been a difficult task because of the fine spirit manifested by the people of the county.

We are sending the entire amount to the National Red Cross Headquarters for their use in this great emergency. However, we are calling their attention to the liberal giving of the people of the county under the stress and strain of this emergency and informing them that we have decided to request the Red Cross to hold in reserve our overplus to be credited to this county in the next drive, which will certainly come.

—H. Frederick Jones, Chairman,
—Calvin H. Robinson, Treas.

This was General MacArthur's second decoration. He was awarded the Distinguished Service Cross for gallantry in action in March, 1918. He also wears the Silver Star Medal with six oak leaf clusters. A bill is pending in Congress to award him the Medal of Honor.

What Should You Save To Help?

WASHINGTON, D. C.—The following table issued by the Treasury Department is intended as a savings yardstick for the average income-earner. It suggests how everyone of the 48,000,000 employed persons in the United States may participate in the war effort through the systematic purchase of Defense Savings Bonds.

"The job ahead of us is far bigger than most of us realize," Secretary Morgenthau declared in making the table public. "I know that the American people are ready to do their part to win the war. One of the ways we can do much more is by intensifying our effort in the purchase of Defense Bonds."

While persons without dependents may be able to set aside more than the suggested figures, persons with several dependents, or with other heavy family obligations, may be unable to save at the suggested rate, the Treasury Department pointed out.

Examined 47 For Induction

On Tuesday of this week, forty-seven registrants from Appomattox county went to Richmond for final medical examination before induction into the Army. A special bus was used to transport this contingent, largest sent for examination at one time from Appomattox.

It is understood that of the 47, four were rejected and two were put in deferred class 1B. Thus forty-one were accepted as eligible for induction, including one or two with minor defects which can be remedied after induction.

These registrants are now back in Appomattox, and those who passed will probably be called into the Army during April.

SUGAR RATIONING

Assistant Rationing Commissioner Frederick W. Scott has announced that delivery of the sugar rationing forms that will be used throughout Virginia in the near future, has already begun. Present plans call for storage of the several tons of cards and other office forms, in courthouses throughout the state. When a date is set for registration (note: postponement from the March 17-20 date originally set has been announced) public school teachers will register every man, woman and child, and heads of families will receive ration books for themselves and their dependents.

Court clerks have been named custodians of the sugar forms by an executive order of Governor Darden, under powers granted him by the defense act.

C. C. DOWELL

Charles Robert Dowell, 67, died at Memorial hospital, Lynchburg, last night, after an illness of two days. Mr. Dowell was a native of Appomattox county, and had been connected with the C. W. Hancock Co. for some 45 years. Funeral services will be held tomorrow morning.

C. C. C. CAMP CO. 1351 MOVES TO MARYLAND

Company 1351, NP28, Civilian Conservation Corps, under the command of Captain F. E. Graef, and Lieutenant John Doak, left Appomattox yesterday as a unit, to be located at Fort George G. Meade, where, it is presumed, it will be assigned to defense work. Most of the men and equipment left by train, under the supervision of Lt. Doak, while a skeleton crew will remain at Appomattox under Captain Graef until March 15, to wind up matters pertaining to the closing of the camp.

This is the first time since Appomattox first had a CCC Camp that an incoming company did not replace a transferred company. The leaving of major work on the restoration of the Surrender Grounds at Appomattox for the duration of the war, had ended the assignment of the group. It is understood that the barracks will be left standing.

DARDEN ORDERS RAID ALARM UNIFORMITY

In compliance with a request from the Office of Civilian Defense, Governor Darden yesterday ordered the adoption of uniform air-raid alarm signals throughout Virginia.

The order specified that where sirens are used as signals the alarm shall consist of "a fluctuating or warbling note of two minutes duration with varying intervals between cycles to conform with the mechanical limitations of the particular instrument."

All clear will be broadcast by "a continuous sound of two minutes duration."

BILL DEFEATED

Richmond, March 11.- (By VPA) The DeJarnette bill, which would have prevented employers from hiring or refusing to hire workers on war projects because of membership or lack of membership in labor organizations, was killed on March 5, in the House General Laws committee.

ENDORSE GOODMAN FOR ROAD COMMISSION

At their regular monthly meeting yesterday, the Appomattox board of supervisors adopted a resolution endorsing and recommending Joseph Goodman, of Amherst, for appointment to represent the Lynchburg construction district on the State Highway Commission. Recent legislation would increase the size of the highway commission from five to nine members.

The supervisors transacted routine business. Work has been somewhat complicated on the next county budget, by the uncertainty of pending legislation before the legislature.

ASSIGNED TO CAROLINE CO.

The technical force of the local National Park Service has been assigned to the A. P. Hill Reservation in Caroline county, for the purpose of constructing and maintaining roads, drill fields, etc., with the exception of Ralph Happel, junior historian, who returns to Fredericksburg to become historian under cooperating superintendent Branch Spaulding.
